

AURA-SOMA® USA

Join us August 2012 in the Emerald of the Heart...

Mayacamas Retreat Center in Calistoga, California

At this sacred site, we will host AURA-SOMA® Courses that deepen your understanding of your soul through the AS Color Care System. Located in the quiet oak-dotted hills, just 12 minutes above Calistoga in California's Napa Wine Country, we will BE in one of the world's natural sanctuaries with TIME and SPACE to connect with our Heart, Earth, and each other.

3-day–Emerald of the Heart, Aug. 19-21, Mike Booth

Opening to the energies of the Heart by arriving at an understanding of soul development through grounding is key to building the light body. The Emerald contains the full destiny and the unfoldment of that destiny potential within the three star centers, when linked, opens the Emerald, and allows you to come into synchronicity with the Earth.

Mike Booth

4-day–Process of Individuation, Aug. 23-26, Mike Booth

An understanding of the process of individuation is an important key part of the AURA-SOMA® System. In a sense it is the unfoldment or the intensification of the turquoise journey, which is vast and unique to each of us. In our own way, moving through our limitations, we find the center of our integrated self, where all levels of being work in cooperation with our soul's purpose.

1-day–AEOS, Aug. 22, Anne Yellow Kidney

Active, Energized, Organic, Skincare, through AURA-SOMA's AEOS skincare line, developed at Shire Farms, UK. This Professional Workshop provides the fundamentals for healthy skin in the product's 3-phase system.

5 1/2-day–Bridge Course, Aug. 27-Sept. 1 (noon)

Claudia Booth and Shanto L. Dorcey

The information received in the AURA-SOMA® Training is carried to a new dimension, deepening your work with yourself and so your ability to work with others. From this perspective, the Bridge benefits Practitioners, Color Care Consultants as well as those wishing to become Teachers.

Important: Please see the next page on Bridge Requirements.

5-day–AuraJin: Experiencing the Subtle & Physical Reality of Light, Aug. 27-31, Carol Klesow

With our hands and the light pen, we will explore the 26 portal template of the body. Receiving the esoteric information of color and number as seen through the template of the Three-Stars of AURA-SOMA®, we will experience BEing in the light-presence of the physical body

At this auspicious time, 2012 and the end of the Mayan Calendar, Mayacamas Retreat Center has appeared as the setting for this event. To be called to this space and time, where you enter the still pulse of the earth, is to BE in synchronicity.

Bridge Course 2012 Requirements

with Claudia Booth & Shanto L. Dorcey

Students who choose to attend the 2012 Calistoga Bridge Course MUST have current status as a registered AURA-SOMA® Practitioner and completed the following courses:

- Practitioner Level 3 Course
- Personal Presentation (PPS) Course

For details on meeting these requirements contact: shonac@asiact.org

Special Level 4 Waiver for “The Bridge,” Calistoga, 2012

The **Practitioner Level 4 Course**, which is a standard requirement for The Bridge, is being waived for the AURA-SOMA® 2012 Calistoga event:

Students who have completed Practitioner Level 3 and the Personal Presentation (PPS) Course and are taking The Bridge in Calistoga (through the special waiver of the Practitioner Level 4 Course) MUST agree in writing to the following:

As a Bridge student at Calistoga 2012 who has not completed the Practitioner Level 4 Course, I understand that a Bridge Certificate will not be issued to me after course completion. Instead, a Bridge Certificate will be issued as soon as I have successfully completed the Practitioner Level 4 Course and registered as a fully-qualified AURA-SOMA® Color Care Consultant (CCC) through ASIACT.

It is strongly advised that if you wish to attend The Bridge at Calistoga you complete as much of the Level 4 work as possible prior to attending the course. By undertaking Level 4, your consultation skills will improve; it is also a wonderful review and assimilation of the AURA-SOMA® work completed in the previous levels. This background will provide the understanding required to make the most of the work presented in The Bridge at Calistoga.

Please note: Claudia requests that all students send her 3 or more copies of Consultation Records before attending the Bridge course. This will help her to prepare the course in a more meaningful way for each of you. Also if any of you would like to ask any questions relating to the Level 4 work she is happy to hear from you on claudia@aura-soma.net
